

GOOSENECK

Loose Gooseneck for safe handling of your Roll Trailers.

The Gooseneck is provided with the following as standard:

- Safety ears
- Spring loaded anti swing system
- Integrated forklift pockets
- Counter weight for horizontal balance

The Gooseneck can be customized with either 2" or 3.5" King pin according to the customers need.

We can produce the Gooseneck as either a 30, 36 or 45 ton unit depending on the customer's request.

Park stand for Gooseneck available.
