QUALITY ON TIME

The flexible trailer
for project cargo
or container transport

Trailer for RoRo terminals and heavy industry.

Customized solution

The Novatech roll trailers are produced in several variants and for several purposes with capacity from 40 - 140 ton. The trailer can be made in standard length of 20, 40 or 62ft or as individual sized according to the actual requirements of the customer.

Standard roll trailers are fitted with D-rings, stanchion pockets, ISO holes, forklift pockets, wooden deck.

Other features upon request: cones, collapsible twistlock, lashing rail, lashing handle, tool box, fixed or loose gooseneck. Steel deck or skeletal type frame is available.
